# GENERAL TERMS AND CONDITIONS

ORGANISER:
MARINE.MEDIA GMBH
DOROTHEA-BERNSTEIN-WEG 28
22081 HAMBURG
GERMANY

### Article 1 Jurisdiction

(1) The following general terms and conditions are an integral part of every contract between Marine.Media GmbH, Dorothea-Bernstein-Weg 28, 22081 Hamburg (hereinafter: Offerer) and the visitor to the SEADEVCON (hereinafter: the Visitor).
(2) The Offerer supplies his services based exclusively on these general terms and condition.
(3) The validity of these general terms and conditions extends to all services offered by the offerer in the online presence. The visitor accepts these general terms and conditions as binding with his utilization of the services of the offerer.

### Article 2 Contractual Object

(1) The contractual object of this contract is the visit to SEADEVCON.
(2) The visit is fee-based. Diverse ticket categories are being offered.
(3) Tickets to visit Seadevcon are transferable. The promoter offers a customer service at sponsoring@seadevcon.com whereby a single name change may be effected at the latest four weeks prior to the event.
Before this can take place any name badges that may have already been distributed must be returned.

### Article 3 Conclusion of the Contract

(1) The presentation of the services of the provider, in particular brochures, advertisements, and on the internet, is not a binding offer, but merely an invitation to make an offer.
(2) The contract between the provider and the visitor is concluded with the registration of the visitor at this Internet presence and its confirmation by the provider.

### Article 4 Limitation of Liability / Release from Liability

(1) For other than loss of life, body and health the provider is liable for damages only as far as they are based on intentional or grossly negligent action or culpable breach of an essential contractual obligation by the provider, his employees or his agents. This also applies to damages resulting from the violation of duties during contract negotiations and in the event of impermissible actions. Any further liability for damages is excluded.
(2) The liability is, except for willful or grossly negligent actions, violation of a cardinal obligation or injury to life, limb or health by the provider, his staff or his agents, limited to the damage typically foreseeable upon the conclusion of the contract and the rest limited to the amount of contract-typical average damage. This also applies to indirect damages, especially loss of profit.

### Article 5 Data Protection

(1) The Offerer uses information from the visitor (e.g. title, name, and email address) according to the conditions of German Law concerning data protection.
(2) The personal data of the visitor can be forwarded to exhibitors. None of the data supplied to the Offerer by the Visitor will be forwarded to a third party without the express permission of the visitor, except in the case of fulfilling legal requirements or by order of a public authority.
(3) The data of the visitor, which must be kept for legal reasons, will be barred after the full implementation of the contract. These data are no longer available for a further use. In addition, personal data will be deleted unless the visitor has expressly consented to a further processing and use of his data.
(4) There is a support available at sponsoring@seadevcon.com in case further information is desired, or the visitor wishes to have the data deleted.

### Article 6 Duration of the Contract

(1) The contract is concluded for the duration of SEADEVCON.
(2) The right to visit Seadevcon expires if the visitor withdraws his declaration of consent to these general terms and conditions.

### Article 7 Final Provisions

(1) German law applies under the exclusion of the UN Sales Convention. Mandatory regulations of the country in which the Visitor has his habitual residence remain unaffected.
(2) If any provision of this agreement is ineffective or contrary to statutory regulations, this will not affect the remainder of the contract. In this case, the ineffective provision shall be replaced by an effective one that comes closest to the economic and legal intention of the invalid provision. The same applies to closing a contractual gap.
